

SERVICE SOLUTIONS // BCC-3

YIELD MANAGEMENT - MAINTAIN EXCEPTIONAL PRECISION

Advanced multi-view stereo imaging, full 3D reconstruction, and the ability to accurately predict the characteristics of the beef carcass, prior to any processing steps, makes the BCC-3TM unique in the world.

With a signed service agreement you can be certain to maintain the exceptional precision in grading and prediction of the primal and commercial cut, permitting you to optimize your product sorting and ensure that you pay the farmers according to the true market value.
